Class Schedule Worksheet 62

This *Schedule of Courses* contains an up-to-date academic calendar, information on the new telephone registration process, course listings for Fall 1988, and descriptions of policies and services to help you through the semester. Due to implementation of the new Student Information System, many registration dates remain tentative. Although this *Schedule* was prepared on the basis of the best information available at the time, all information is subject to change.

The requirements, policies, and course descriptions of each college and school at Boulder are printed in the *1988-89 University of Colorado at Boulder Catalog*. You are responsible for knowing and following those policies and for familiarizing yourself with the course listings. You are subject to the degree, major, and certification requirements in effect at the time you formally enter any Boulder program. For additional information, consult your associate dean's office.

Because of the lead time required to publish both the *Schedule* and the *Catalog*, changes may occur in University, college, or school policies. It is your responsibility to be aware of such changes by consulting departmental advisors, checking department bulletin boards, and reading your registration instructions carefully. The instructions, which are published each semester, contain the most current information available.

Introducing: CU Connect

Welcome to telephone registration! For the last few years, the Boulder Campus has been working to bring you a new Student Information System (SIS) that will allow you to choose your courses by phone. Now, through CU Connect, you'll be able to request, change, and verify classes without waiting in line on campus. SIS will also handle admission information, academic records, current class schedules, and financial aid and billing status. Eventually, the system will provide an automatic degree audit to help alert you and your advisor to unmet graduation requirements. It's all designed to make your life easier and simpler, to eliminate the long waits, and to help you through CU with as little hassle as possible.

For your first telephone registration, you'll be receiving a packet of registration materials in the mail. All you'll need to do to make registration work is read through your Telephone Registration Instructions and this *Schedule of Courses*; fill out the appropriate forms in your registration packet and return them using the enclosed envelope; prepare your fall schedule on one of the telephone registration forms; and call CU Connect during your assigned time to request your classes.

Your requests will be run through a computerized system that will check for things such as payment of your deposit, registration stops, eligibility for enrollment, and availability of courses. Your new combined schedule/bill will then be available for pickup just before the semester begins. You'll be all set to go; the hassle of registration will be history.

New Course Numbers

In connection with the new Student Information System, the University has adopted a new four-digit course numbering system. All three-digit course numbers have been translated to corresponding four-digit numbers. Courses are now numbered according to the following system: 1000 and 2000 levels are designated lower-division courses and are generally appropriate for freshmen and sophomores; 3000 and 4000 levels are upper-division, primarily for juniors and seniors; 5000-level courses are primarily intended for graduate students, but may be open to qualified undergraduates under some circumstances (see the individual professor). Normally, 6000- to 8000-level courses are open to graduate students only; see individual department offices for special provisions. For further information on the four-digit system and a course translation table of old numbers and their new four-digit equivalents, see the *Catalog*.

Your Registration Packet

Your registration packet, which will be sent to you through the mail, will include:

- An Invitation to Register
- Telephone Registration Instructions
- Telephone Registration Form
- Registration Deposit Form and Envelope
- Optional Fee Form
- Wardenburg Student Health Insurance Waiver
- Return Envelope

With these materials, you'll be able to call up CU Connect via any Touch-tone phone and request your classes or change them as often as you like. Fairly soon, the only long line you'll experience is the one connecting your phone to Regent Administrative Center!

Addresses

Please keep both your permanent and local mailing addresses updated. An incorrect local mailing address in particular will keep the important registration packet from reaching you in time to register. You may update your addresses anytime at the Office of Registrations in Regent Administrative Center, or you may call (303) 492-6581.

Getting Ready to Register

When preparing your schedule, you may find it helpful to use the class schedule worksheet provided at the back of this *Schedule*. You'll also need to have a completed telephone registration form handy when you register.

Don't Forget to Verify

CU Connect gives you the opportunity to list your course requests over the telephone during your registration period. After *Schedule/Bill* distribution and throughout the semester, you'll be able to call in and verify your class schedule.

Things to Know Before Registering

Academic Advising

If you are an Arts and Sciences freshman or continuing student in the departments of Linguistics or Physics, or an undergraduate in Engineering, Environmental Design, or Journalism, or a graduate student, you are required to obtain academic advising before you can register for fall classes. Without your name being cleared on the computer by a faculty advisor, CU Connect will not allow you to register. Please contact your dean's office or department office for more information on advising programs.

Changing Your Major

If you would like to change your major, declare a major, or add a second major, simply go to the appropriate department and inquire about their procedures. Your change will be entered on-line into the system as soon as it has been approved by the department. If your change of major involves moving into another college or school, it is considered an Intrauniversity Transfer (IUT). Please see that section in this *Schedule* or in the *Catalog*.

Credit/No Credit

You can elect to register for some classes on a No Credit basis during telephone registration (an NC will appear on your transcript in place of a grade). Please check with your college or school or the *Catalog* for policies on Credit/No Credit and how it may be used. The Credit/No Credit designation can be changed any time up through the Drop/Add period. However, tuition is the same whether or not credit is received in a course.

Credit Hour Limits

There are limits on the number of credit hours for which you can register. These limits do not necessarily indicate the ideal or recommended credit hour load and can be changed once the Drop/Add period begins. You should consult your Telephone Registration Instructions for details. Your dean's office can fill you in on the maximum number of credit hours that may apply to your degree.

Independent Study/Thesis Approval and Controlled Enrollment

If you are interested in registering for a course with an 800- or 900-level section, you'll need to contact the appropriate department before you telephone register. Please see the Telephone Registration Instructions for further information.

Intrauniversity Transfer

If you would like to transfer into another CU-Boulder college or school, check with that dean's office for admission criteria and information on enrollment levels, application procedures, and deadlines. Policies will vary among the different colleges and schools.

If you have already transferred into your desired program, you may register as a continuing student in that college or school for Fall Semester 1988. If you are waiting to hear about the status of your IUT application, please check with your new college or school to find out the status of your application and how you should proceed with registration.

Pass/Fail

You will be able to register for a class on a Pass/Fail basis through CU Connect. You may also request Pass/Fail status throughout the Drop/Add period on campus. Please check with your college or school; there are restrictions on the number of courses and the types of courses that can be taken Pass/Fail.

Once you've signed up for a course Pass/Fail, your name will appear on the class roster and the professor will assign you a grade for the class. A grade of D- or above is automatically converted by the Office of Registrations to a P; an F converts to an F. Only the F is calculated as part of your GPA; a grade of P is not counted.

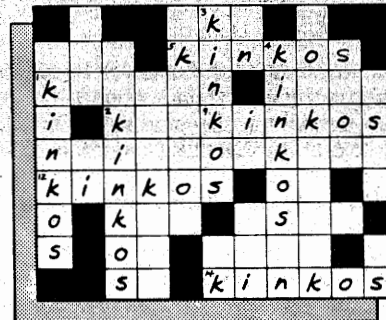

Registration Stops

If you have any University stop on your record (including a financial stop, scholastic stop, dean's stop, or miscellaneous stop), you will not be allowed to telephone register until the stop has been cleared. Please check with the office imposing the stop on how to clear it, and get it taken care of so you may register.

Variable Credit

When registering for a variable credit course (one with a range of minimum and maximum credits), you need to decide how many credits you would like to receive in that course. Simply indicate this as you register by phone.

Distribution of Combined Schedule/Bills

Your combined schedule/bill will be available for pickup on Monday, August 29 between 8:30 a.m. and 3:00 p.m. at the following locations:

College or School	Building
Arts and Sciences	Balch Fieldhouse
Business and Administration	Events/Conference Center
Education	UMC Ballroom
Engineering and Applied Science	Events/Conference Center
Environmental Design	UMC Ballroom
Graduate School, Business Graduate, and MBA (all Graduate Students except Law)	UMC Ballroom
Journalism and Mass Communication	UMC Ballroom
Law	Law School 194
Music	Music Lounge
Pharmacy	UMC Ballroom

Be sure to pick up your schedule/bill on August 29. If a University error has occurred, it can best be corrected on that day.

Students who do not pick up their schedule/bill on August 29 may still receive it on August 30 or 31 at the UMC West Ballroom. After these dates, the combined schedule/bill may be picked up at the Office of Registrations in Regent between 8:30 a.m. and 4:30 p.m.

Parking Permits

On Sunday, August 28, from 9:00 a.m. to 3:00 p.m., campus parking permits will be sold to residence hall students at the Events/Conference Center and to Williams Village residents at Darley Commons.

Parking permits for all other students will be sold on August 29 at the Events/Conference Center from 8:00 a.m. to 3:00 p.m. (at the Law School for Law students). On August 30, permits will be sold at the Events/Conference Center from 8:00 a.m. to 2:00 p.m. After August 30, parking permits will be sold at the Parking Management Office (1511 University Avenue), 8:00 a.m. to 4:00 p.m. You'll need to bring your combined schedule/bill or your Photo ID with you, along with your driver's license and current motor vehicle registration. During the 1987-88 academic year, permits sold for between \$24 and \$40, depending on campus location.

Photo IDs

Your validated photo ID is an important identification card to carry with you; it signifies that you are a currently registered student and allows you to use University services. To get an ID made, go to the Stadium, Room 129 (between gates 4 and 5), Monday through Friday between 11:00 a.m. and 4:00 p.m. Special hours will be in effect August 22 through 26, August 29, and August 30: 8:30 a.m. to 4:30 p.m. You'll need to take some other form of picture ID with you. Your initial ID is free; replacement cards cost \$7.

IDs may be validated for Fall Semester 1988 beginning August 29 at Schedule/Bill Distribution or at the Office of Registrations thereafter.

Dropping and Adding Courses

If you wish to make course selection changes after you receive your combined schedule/bill, you may do so beginning August 30 via computer. Terminals will be set up throughout the campus during the Drop/Add period, and you may drop or add any course or change sections at a location that is convenient for you. The calendar on the inside cover of this *Schedule of Courses* lists important Drop/Add deadlines, and your Telephone Registration Instructions provide more detailed information about the new Drop/Add procedures.

You may call CU Connect during the Drop/Add period to verify your course changes and to maintain an up-to-date schedule.

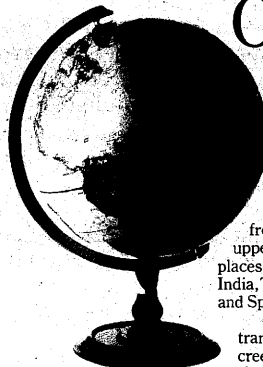

Administrative Drops

If you have not met all the prerequisites for a course, or if you do not attend a course regularly during the Drop/Add period, you may be administratively dropped from it. Please check with the department offering the course for policies concerning administrative drops.

Note on Dropping Courses

Any student who stops attending a course without officially dropping it will receive a grade of F in that course. If you wish to drop your only or your last course, please refer to page 8 in this *Schedule* for withdrawal procedures.

Paying Your Bill

This year, for the first time, your schedule and bill will be combined. It will reflect the total number of credit hours in which you have been enrolled via CU Connect as well as tuition, fees, housing, and other charges. It is your responsibility to pay the bill by 4:00 p.m. on September 9 or to arrange to have one-half of it deferred, even if the bill has been lost or misplaced. Other things to keep in mind include:

- After September 16, there will be no tuition adjustment for courses dropped. However, tuition for classes added will be assessed and billed.
- Tuition for a No Credit course is the same as for a course taken for credit.
- Tuition for a zero (0) credit-hour course is charged at the rate of a one credit-hour class.
- All students taking one course of 5 or fewer hours will be assessed a base fee (\$22.70 was charged during 1987-88). These students will receive a No Fees sticker for their ID and will not be allowed to use Wardenburg services or the Recreation Center without payment. Doctoral students taking thesis only, master's candidates for degree, approved doctoral candidates, and fifth-year pharmacy students will pay only the base fee.
- All Boulder Campus students taking 6 or more semester hours or more than one course must be covered by a hospital-medical-surgical insurance plan as a condition of enrollment. If you do not verify separate equivalent coverage or adequate personal financial resources on the insurance waiver form available in your registration packet or at Wardenburg, you will be enrolled automatically in the student group insurance plan in addition to being assessed full UCSU student fees. (During 1987-88, insurance cost \$128; UCSU fees were \$133.45.) If you submit a waiver for this fall, it will extend through the spring and summer of 1989.

Students who increase or decrease their credit hour load should be careful to verify their insurance coverage status. Any changes in your Fall 1988 insurance coverage must be made by September 16.

If you are taking one course of 5 or fewer semester hours, supplemental health insurance will be available at the same price full-time students pay. To become eligible to purchase the insurance, you must first pay full UCSU student fees. Exception: Approved doctoral candidates requesting student group insurance will be charged full price for the insurance plus Wardenburg Student Health Service fees (\$67.80 during 1987-88).

- Mandatory UCSU student fees (\$133.45 per semester during 1987-88) may be waived only under the most extraordinary circumstances, such as a physical absence from campus for the semester, living outside a 50-mile radius of Boulder/Denver area, or an extreme physical handicap that renders it impossible for a student to use the fee-supported services or facilities. If student fees are waived, students must still pay the base fee. Students who wish to petition for a fee reimbursement must do so by 4:00 p.m. on September 9. No late petitions will be accepted. Petitions may be picked up and turned in at the

Bursar's Office, Regent 150, and should include documentation of the reasons for waiving the fees. In addition, any student covered by the student health insurance cannot have student fees waived.

Deferred Tuition

The option of deferring one-half your total bill until October 14, 1988, is available by completing a deferred tuition application on or before September 9. The first half of your bill will still be due by 4:00 p.m., September 9. Please be aware that the deferred balance will be subject to a 1 percent per month finance charge. If you have any doubt at all about being able to pay your full bill by September 9, please take advantage of this option. To qualify, your total bill at the time of application of deferred tuition must exceed \$100. The deferred amount will be calculated on the account balance at the time of deferment. Deferred tuition applications will be available at the Events/Conference Center beginning August 29.

Failure to Make Payment in Full by the Deadline

Failure to make the required payment on each due date may result in any or all of the following actions:

- a. You may be disenrolled from the University, becoming ineligible for all University services (see Disenrollment Policy below).
- b. No grades will be issued for courses in progress unless you are reinstated within the prescribed deadlines.
- c. No transcripts, diplomas, certification, or registration materials will be issued for you until your bill is paid in full.
- d. A late payment charge in addition to a service charge (1 percent per month) on the unpaid balance will be assessed according to the following schedule:

Balance Due	Late Charge
\$ 1-\$99.99	\$ 5
100-299.99	10
300-499.99	20
500-699.99	30
700-899.99	40
900 and over	50

- e. A late registration fee may be charged if you have been financially disenrolled (see Disenrollment Policy below).

* Disenrollment Policy *

When students fail to meet their entire tuition and fee obligations by October 14, 1988, official notification of disenrollment will be mailed by the Office of Registrations to their local mailing address. The letter will inform them of reinstatement procedures.

In order to reinstate, students who are disenrolled must pay late and service charges as well as a late registration fee of \$20 to \$30.

Students who are disenrolled and who fail to reinstate remain liable for full payment of all unpaid charges, including tuition and fees.

Tuition Rates Per Semester

The Board of Regents reserves the right to change tuition and fees at any time. Tuition and fees can be expected to increase every year that you are in school.

Student Fees

In 1987-88, the student activity fee for students taking only one course (1-5 credit hours) was \$22.70 per semester, and for all other students was \$133.45 per semester. Fees are assessed by the University of Colorado Student Union (UCSU). In addition, all students are assessed a nonrefundable \$4 Student Information System fee. Also, students registered for 4 or more credit hours are assessed a student athletic fee each semester for Title IX activities by the Board of Regents (\$19.75 during 1987-88).

Extra Tuition Surcharge

There will be a surcharge for every credit hour over 17 you register for and retain past September 16, 1988. See chart at left.

Matriculation Fee

There is a one-time nonrefundable matriculation fee of \$15 for new degree students, which is assessed at the time of initial registration. The matriculation fee covers processing charges for adding or dropping courses and for official transcripts. A nondegree student who is admitted to degree status will be assessed a \$15 matriculation fee at the time of the student's first registration after the change has been made.

Faculty and Staff Tuition Benefit

Permanent faculty and staff are entitled to 1-6 credit hours at no charge per academic year (summer through spring). Student fees will not be charged for those courses in which a faculty or staff member enrolls on August 30 or later. If a faculty or staff member registers early and pays tuition for the course(s), student fees will be charged. Please see page 8 for faculty and staff registration information.

Job Location and Development Program

The Job Location and Development (JLD) Program provides CU-Boulder students with individualized job counseling and emphasizes locating and developing part-time and seasonal employment opportunities for students while they are enrolled in school.

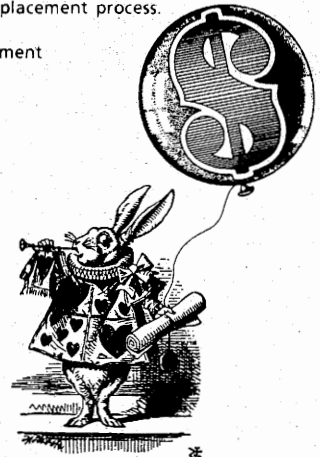

What We Can Offer You

Job match system that matches job requirements with student qualifications to expedite the placement process.

Other Registrations

Walk-In Registration

New freshman, new transfer, and readmitted students who do not register earlier during the summer may register for the Fall Semester on Wednesday, August 24, between 8:30 a.m. and 6:30 p.m. in the UMC Ballroom, providing enrollment levels have not been reached.

Registration for Faculty and Staff

All permanent faculty and staff members at the University may take 1 to 6 free credit hours each year. (The academic year begins with summer session, and the number of free hours is determined on a prorated basis from full-time status.) Enrollment usually occurs on a space-available basis during the Drop/Add period, unless the faculty or staff member wishes to register early. In that event, registration may take place via CU Connect in April, but full tuition and fees will be charged.

Faculty and staff members who wish to take a course as a nondegree student will need to take a copy of their Personnel Action Form (PAF) and a nondegree student application to the Student Accounts Receivable section of the Bursar's Office, Regent 150, by August 12. Office hours are 9:00 a.m. to 4:00 p.m.

Faculty or staff students applying to a degree program should follow the regular application procedures established by the Office of Admissions. However, in order to apply for the free credit hours, the application form and current PAF should be submitted to the Student Accounts Receivable section of the Bursar's Office by August 12. After one semester as a new degree student, faculty and staff become continuing students and will be set up automatically each semester to register, although application for any of the remaining free credit hours must be made each semester.

For those who have applied for the tuition benefit, instructions and a permit to register must be obtained from the Office of Admissions Processing, Regent 125. Beginning August 30 (during the Drop/Add period), classes may be added at any terminal on campus. The permit to register should then be turned in to the Student Accounts Receivable section of the Bursar's Office by September 16.

Student activity fees will not be charged if registration takes place during the Drop/Add period, with the exception of the \$4 SIS fee, which every student must pay.

Intercampus Registration

If you would like to take course work on another campus of the University of Colorado, you may be able to register directly on that campus. However, you must apply for admission to that campus and follow its registration procedures. Please check with your dean's office for approval. (Arts and Sciences students may not register at UCD or UCCS except in the summer.)

Concurrent Registration

If you plan to take at least one course at Boulder in the fall but cannot obtain course work required for your degree program, you may be able to register concurrently on another CU campus. The course work must be required for your degree program, you must have your dean's permission, and enrollment levels must not have been reached on the

other campus. Graduate students must also have their advisor's approval. If all these conditions are met, you can register for up to two courses or 6 credit hours, whichever is greater, on another CU campus.

Business students may only exercise the concurrent registration option if they are in their graduating semester; those Business students who are two semesters from graduation and who cannot obtain a course necessary to complete a prerequisite sequence may also be allowed to use this option. The course must be required for graduation and not be offered on the Boulder campus, or the course must conflict with another required course in which the student is already enrolled. Other students wishing to take a business course under concurrent registration must obtain the signature of the dean of Boulder's College of Business.

Concurrent registration forms and instructions will be available at the Office of Registrations in Regent Administrative Center between 9:00 a.m. and 4:30 p.m., beginning August 29, but you cannot register concurrently until after Drop/Add has begun on the other campus. Boulder students will pay Boulder tuition rates for all classes.

A Few Last Things

Residency

If you're an out-of-state resident seeking in-state classification for Fall 1988, you should turn in your residency petition by 4:00 p.m., August 1, 1988, to the Office of Academic Records in Regent 125. Petitions will still be accepted through September 2, 1988, but you may be subject to enrollment levels and are unlikely to receive a decision by the tuition payment deadline. Adjustments will be made when applicable.

Students submitting completed petitions by June 1, 1988, will receive decisions by the deposit payment deadline. If you are a financial aid recipient seeking in-state classification, be sure to submit your petition by June 1 to make sure your award is processed in time for fall. Complete information regarding the requirements for in-state status is available from the Office of Academic Records, Regent 125, telephone (303) 492-6868.

Time Out Program

For those who would like to take a planned leave from CU-Boulder for a semester or a year, the Time Out Program provides an opportunity to leave without losing your place in your college or school. You must be in good academic standing and have your dean's approval. Your place will be guaranteed when you return, and you may register for classes via CU Connect. An application fee of \$20 is charged. More information is available from the Office of Registrations, phone (303) 492-8673.

Withdrawing

If you anticipate withdrawing from CU-Boulder, please do so officially: it will save you time, money, and hassle. Please note that dropping your only or last class does not withdraw you from the University. If you need to withdraw from Fall Semester 1988 before August 31, you can fill out a with-

drawal form in the Office of Registrations or write a letter to the Withdrawal Coordinator, Office of Registrations, Campus Box 7, University of Colorado at Boulder, Boulder, CO 80309-0007.

Beginning August 31, you must complete a withdrawal interview. The interviewer will discuss the procedures for withdrawing, as well as your reasons for leaving. You won't need to drop your classes; that will be done for you. If you don't officially withdraw, a failing grade may be recorded for all of your classes.

Withdrawal Period

**April 4—
July 14
4:00 p.m.
(continuing students only)**

Refund or Assessment Schedule

Full refund of registration (not confirmation) deposit (\$100 in-state or \$300 out-of-state) with receipt of letter from student to Withdrawal Coordinator, Office of Registrations, Regent Administrative Center 125, Campus Box 7, University of Colorado at Boulder, Boulder, Colorado 80309-0007. Postmarks will not be honored.

**July 15—
September 16**

Full amount of registration or confirmation deposit is retained by the University.

**September 17—
September 30**

Amount of registration or confirmation deposit (\$100 in-state or \$300 out-of-state) retained or 40 percent of full tuition and fees assessed, whichever is greater.

**October 1—
October 14**

Amount of registration or confirmation deposit (\$100 in-state or \$300 out-of-state) retained or 60 percent of full tuition and fees assessed, whichever is greater.

**October 15—
December 14**

No refund. 100 percent of tuition and fees due.

Note: Undergraduate students will no longer be withdrawn from not picking up their class schedule, as they were in previous semesters. If you have decided not to return to school, you must officially withdraw from the University (see above).

Colleges and Schools

You are responsible for knowing the academic policies and graduation requirements of your college or school. Please refer to the *1988-89 University of Colorado at Boulder Catalog* and your college or school advising office for official information.

Course Listings

Understanding the Course Listings

Our new Student Information System has required instituting a new course listing system. Please note the following abbreviations at the top of each page of courses:

A = CALL NO—The five-digit number used for requesting a certain class via CU Connect

B = SUBJ—The subject name abbreviated to a maximum of 4 spaces

C = COURSE NO/CREDITS—The course number and credit hours for that class

D = COURSE TITLE—This is often abbreviated. Refer to the *University of Colorado at Boulder Catalog* for the complete title and a course description.

E = SEC NO—This is the section number; it means the same as the lecture number. When an L precedes the number (L004), it indicates a laboratory (lab) and is taken along with the lecture. When an R precedes the number (R010), it indicates a recitation (rec) and is taken along with the lecture. Some classes have all three: lecture, lab, and recitation.

F = TIME/DAYS—Meeting time and days of the class (T is Tuesday and R is Thursday)

G = INSTRUCTOR/MAX ENROLLMENT—Instructor's name is printed when available, along with the approximate class size

Course notes (including prerequisites and/or corequisites) are included when needed at the very end of a course listing.

When selecting your courses, remember that some may not be available due to college or school restrictions or class size limitations.

Please note that buildings and room numbers are no longer listed with the courses. In order to better use classroom space, locations will be determined after registration. Both buildings and room numbers will be listed on your schedule/bill available on August 29.

Academic Matters

Academic Integrity

A university's intellectual reputation depends on the maintenance of the highest standards of intellectual honesty. Consequently, commitment to those standards is a responsibility of every student and every faculty member at the University of Colorado.

Breaches of academic honesty include cheating, plagiarism, and the unauthorized possession of exams, papers, or other class materials that have not been formally released by the instructor.

Cheating: Cheating takes place in different ways, but basically, it involves dishonest behavior, such as copying from another person or obtaining any form of unauthorized help or assistance from any person or source.

Plagiarism. In all academic areas, it is imperative that work be original or that explicit acknowledgment be given for the use of another person's ideas or language. In a term paper, for example, failure to use quotation marks, even if a footnote source is provided, is plagiarism.

Students should consult with their instructors regarding specific standards or procedures appropriate in each given field.

Sanctions. Breaches of academic honesty will result in disciplinary measures. These can include:

- A failing grade for a particular assignment
- A failing grade for a particular course
- Suspension for various lengths of time or permanent expulsion from the University.

Breaches of academic honesty are under the purview of each college and school pursuant to the Laws of the Regents, Article V, Section C. For further information and for individual college and school policies, please consult your dean's office.

Academic Standing

Generally, to be in good academic standing at CU-Boulder, you must maintain a 2.00 GPA (C average) or better. If you cannot maintain this average, a scholastic stop may be placed on your registration. Please check individual college and school policies in the University *Catalog* for information on specific GPA requirements and on scholastic stops.

Final Examination Policy

It is the policy of the University of Colorado at Boulder to adhere to the final examination schedule as published in the *Schedule of Courses* each semester. While it may be appropriate not to give a final in some cases, such as laboratory courses, seminars, and colloquia, final examinations should be given in all other undergraduate courses. Unless otherwise notified in writing during the first week of classes, students should assume that an examination will be given. In addition to the principles stated above, the following guidelines should be followed by all faculty members and administrators in order to assure fairness and the best possible educational experience for students.

1. The scheduled final examination period should be considered an important part of the course and used as a final examination period or for additional instruction.
2. The final examination in a course should be given as scheduled and not at other times even if the faculty member and all students in a course agree to such a change.
3. The week of classes preceding the scheduled final examination period should be used primarily for continued instruction and may include the introduction of new material. No hourly examinations are to be given during the week preceding final examinations.
4. Individual students may be granted a variance from these policies provided the instructor is satisfied that (a) the exception is based on good and sufficient reasons (such as religious observances), and (b) such an exception for an early or late examination will not prejudice the interests of other students in the course.
5. When students have three or more examinations on the same day, they will be entitled to arrange an alternative examination time for the last exam or exams scheduled on that day. Such arrangements must be made no later than the end of the sixth week of the semester (i.e., at the end of the drop period). Students will be expected to provide evidence that they have three or more examinations to qualify for exceptions.
6. This policy applies to all undergraduate students, including seniors. Graduating seniors should not be exempted from final examination. Such exemptions are inappropriate on both procedural and academic grounds.

Grade Reports

Your Fall Semester 1988 grades will be sent to your local mailing address approximately three weeks after the end of finals. They will also be available for pickup in Regent 125 after that date.

Graduating Students

If you're planning to graduate during the 1988-89 academic year, please check with your college or school dean's office for graduation application deadlines and notification procedures. Some colleges and schools require consultation in the semester preceding the semester in which you'll graduate.

Rights and Privacy—Education Records

The Family Education Rights and Privacy Act of 1974 protects the privacy of education records. However, certain information is considered public or "directory information." Such information may be released to anyone unless students inform the Office of Academic Records that they do not wish the information released.

"Directory information" includes name, address, phone number, date and place of birth, major field of study, participation in University activities or sports, dates of attendance at the University, full- or part-time enrollment status, degrees and awards received, educational institutions attended, and weight and height of athletes.

To prevent release of the above information, students must go to the Office of Academic Records before September 16 to request that directory information about them be withheld.

To prevent names and addresses from appearing in the *1988-89 Directory*, students should request withholding of directory information before September 16, 1988. (The directory is published during the Fall Semester only.)

A complete summary of University policy on the release of student information is available in the *University of Colorado at Boulder Catalog*, the *Student Handbook*, and the Office of Academic Records, Regent 125, (303) 492-3066.

Transcripts

If you would like to get a copy of your CU academic record for advising purposes, you may request that an unofficial transcript be sent to any department on campus. If you'd like to pick up your unofficial transcript in the Office of Academic Records, \$1 will be charged for immediate (same-day) service.

An official transcript containing your complete academic record (with the embossed seal of the University) can be requested in writing from Academic Records. There is no charge, but it usually takes 5 to 8 days to process. Rush transcripts (processed within a day) cost \$3.

Here to Serve You

Continuing Education

Both credit and noncredit classes are offered through Boulder's Division of Continuing Education, and many may be used to supplement your degree program. Almost all classes are offered in the evenings or by correspondence. There is a limit to the number of continuing education credits that may transfer to your degree program, and eligibility requirements vary among the different colleges and schools. Registration begins August 8 at 1221 University Avenue and continues through September 16. Tuition payment is due upon enrollment.

High School Nondegree Enrollment Program

Local high school students with outstanding academic records can enroll at CU-Boulder, and the credit they earn can be applied to their high school graduation or to college-level transfer credit. Registration is carefully guided and must take place in person. Please call (303) 492-6301 for further information.

Nightwalk/Nightride

Please don't walk home alone at night! UCSU provides two volunteer services that will get you home safely. Nightwalk is an escort service, offering teams of male and female walkers who will accompany you anywhere on campus and within a two-block radius of campus. Come to the east lobby of Norlin Library or call 492-SAFE.

The Nightride van will take you home if you have a CU Photo ID and if you live within the Boulder city limits. The van leaves from the east lobby doors of Norlin every night, on the hour, from 7:00 p.m. to midnight. There are extended hours during finals. Call 492-SAFE to be picked up by the van.

Student Conduct

The Standards of Conduct and the procedures for implementing them have been developed by the Student Conduct Advisory Committee composed of students, faculty, and staff. In establishing these standards, the University has

taken into account students' rights as individuals, as well as the general welfare of the University community.

The University would be remiss in its responsibility to students and the community if it ignored behavior that violates the rights of others. It is also essential that everyone share in the commitment to protect the integrity and personal safety of each member of the University community. A complete list of the Standards of Conduct can be found in the *University of Colorado at Boulder Catalog*.

In most cases, if an individual is found in violation of one of the Standards of Conduct, the University's primary interest will be to help the individual avoid further inappropriate behavior and become a responsible member of the Univer-

sity community. However, if an individual fails to correct inappropriate behavior, or if the violation of the Standards of Conduct is serious, the University will consider taking disciplinary action that may include suspension or permanent expulsion. Behavior that threatens the safety or violates the basic purpose of the University community will not be accepted.

Any time students have questions regarding the application of the Standards of Conduct, or feel that another person has subjected them to behavior that interferes in any manner with their rights, the University encourages students to contact the Office of Student Conduct, Willard 223, (303) 492-5601.
